About the Specific Plan

The Southwest Village Specific Plan will implement the Otay Mesa Community Plan consistent with the Community Plan's requirement for the area. The Southwest Village Specific Plan will establish land uses and provide design guidelines for development of land within the area. The Specific Plan will also address the community's village core, public spaces, multi-modal circulation system, transit sites, public facilities and amenities. The development of a Specific Plan is required to be privately sponsored and entails a public engagement process.

The Southwest Village Subcommittee of the Otay Mesa Planning Group meets regularly to facilitate the Specific Plan process and provide a forum for property owners and members of the public to be involved in the process. Property owners are encouraged to participate by reviewing the materials and plans presented at the subcommittee meetings and to provide feedback that can inform the process/plan. Please visit SouthwestVillagePlan.com for more information.
